

## **Stop the evil mandate of vaccines containing aborted baby cells for children attending Catholic Schools**

To: Bishop Peter Jugis, JCD  
Very Rev. Roger K. Arnsperger  
Very Rev. Timothy Reid

Tragically the Catholic Diocese of Charlotte has been mandating vaccines for all children before being admitted into any Catholic school. These vaccines include the Rubella and Chicken Pox vaccine which are made with aborted baby cells. These aborted baby cell lines have been produced from the murder of babies even babies born alive so the organs can be intact for the pharmaceutical companies. The evidence and documentation on this is very clear.

The baby cell lines do not last "forever" and therefore new aborted baby cell lines are produced to replace the old ones. When a parent vaccinates their child with these vaccines they are paying the pharmaceutical companies and therefore perpetuates the production of more babies being killed for cell lines for vaccines. Even the first baby murdered for these vaccines is an intrinsic evil. The Catholic Church has always taught abortion is an intrinsic evil. The recent release on Dec.14, 2020 from the United States Conference of Catholic Bishops on the Pfizer and Moderna Covid-19 vaccines is a tragedy. Both Pfizer and Moderna used the aborted baby cells in the testing of their vaccines. The USCCB and any approval from the Vatican on this is not upholding the teachings of Holy Mother Church!

Stop this evil mandate and stand with God now! How many children have been killed because of these vaccines? How many of the children that have tried to go to Catholic schools and suffered the spiritual denial and Catholic education because of the mandate to use these vaccines? How many children have had the evil vaccinations which can affect their physical health too? Example: the evidence of Autism and other medical problems from the aborted baby vaccines because you are injecting another person's cells into their bodies?

Please make a public act of regret and sorrow for mandating this for years and let everyone know you are going to stand for God and His Unborn Children!
